Maquina Virtual y Servidor Web

Por: Manuel Ruiz Gutiérrez

INDICE

 $Portada \rightarrow P\acute{a}g.1$

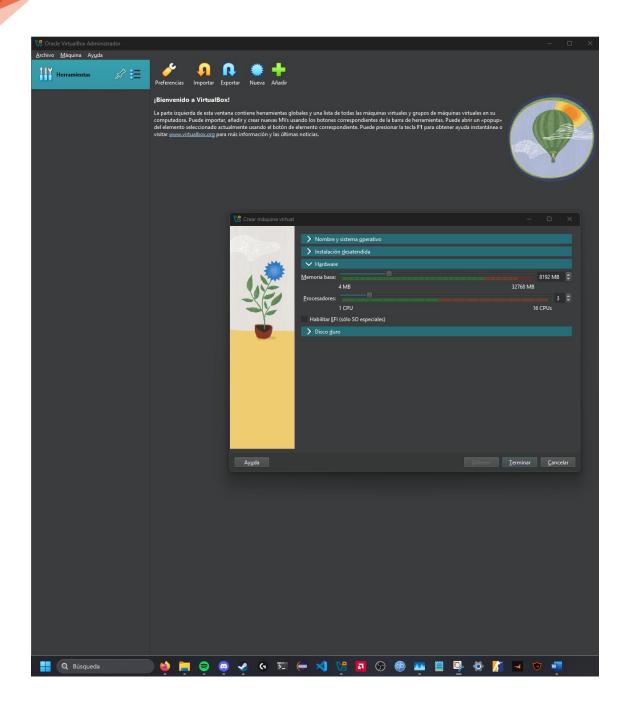

Índice \rightarrow Pág. 2

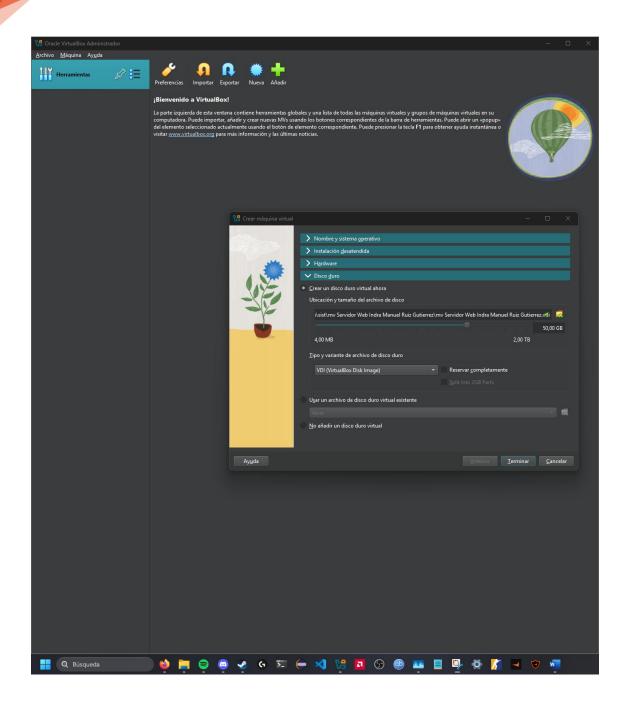

Parte 1 → Pág. 3

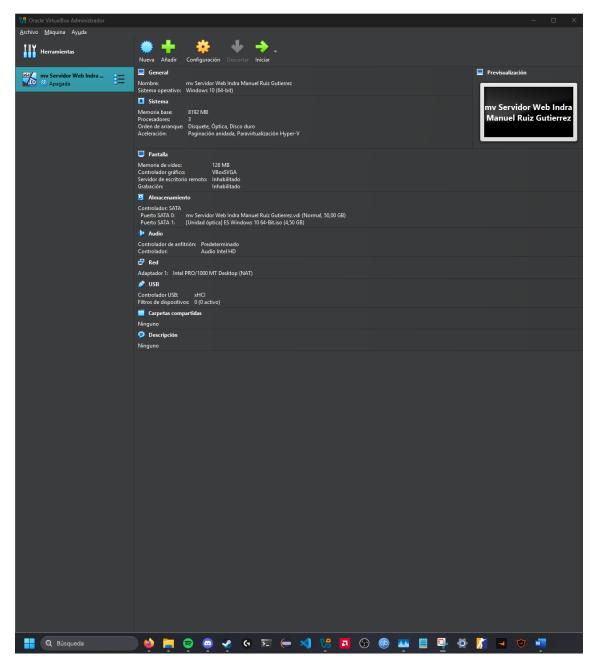

Parte 1. (Creación de la MV e instalación de Win 10)

Primero asigno los recursos a la MV

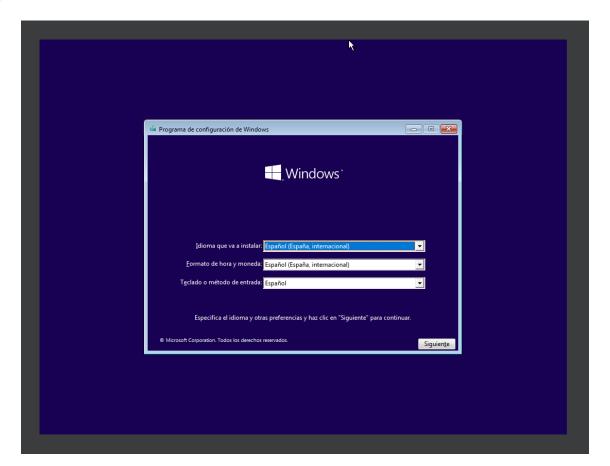

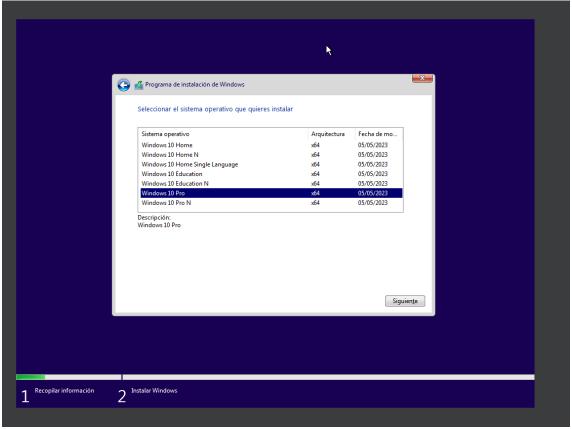

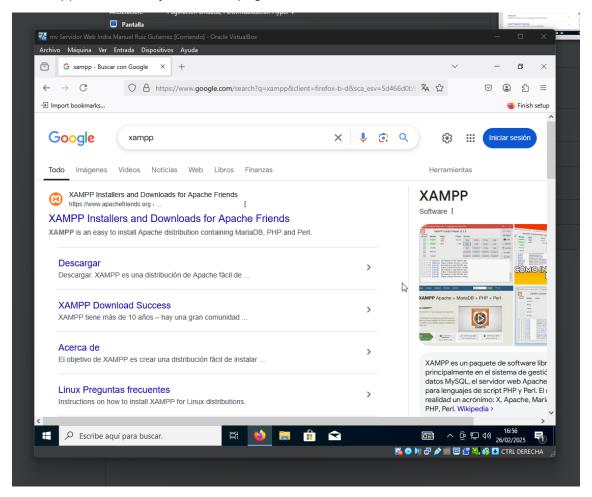

Ahora instalo Windows 10 Pro Edition

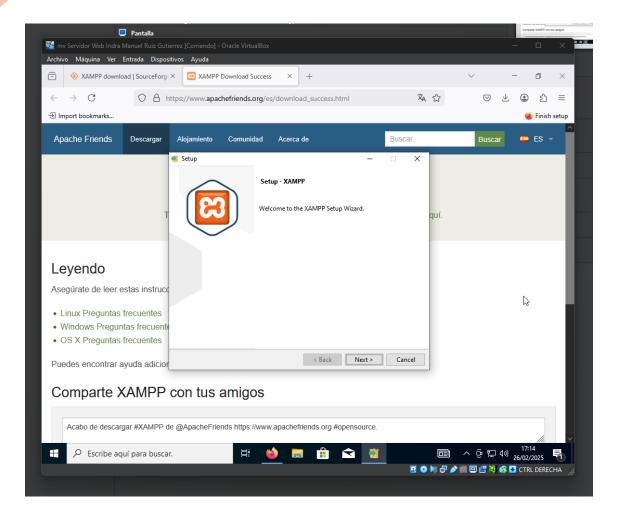

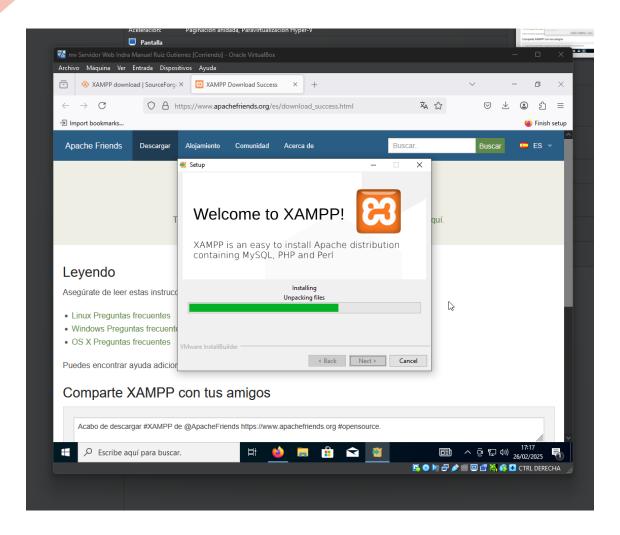

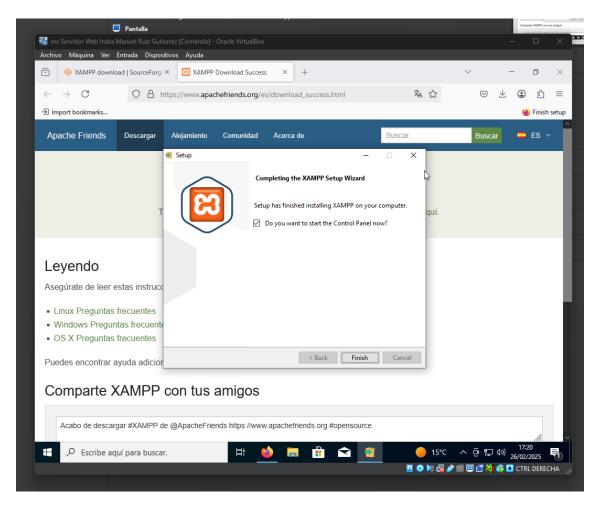

Parte 2. (Instalación de XAMPP)

Ahora que ya tengo Windows instalado empiezo a instalar y configurar el servidor web de xampp al cual le voy a subir mi pagina web

Ahora que ya esta instalado pongo mi html en el servidor
